I'm **Valentina Bianchi**, founder of VB Wedding Studio, LLC.

My company is US based, but I live in Italy.

I work with planners, photographers, filmmakers, designers and other wedding professionals who need a trusted person on the ground in Italy.

Sometimes that means scouting a venue.

Sometimes it means finding the right local vendor, or helping your team understand how a contract or production detail actually works here.

You keep your client, your role and your project.

I help make Italy easier to work with.
